---

## Professional Summary

Aspiring DevOps Engineer and current Master's student in Computer Science. Experienced in AWS Cloud, CI/CD pipelines and web development. Seeking an internship to enhance my skills and gain professional experience.

---

## Experience

### DevOps Engineer

*Asterdio Inc, Kathmandu Nepal*

*Jan 2021 - Mar 2023*

- Developed and maintained development and production environments.
- Utilized AWS services including EC2, S3, RDS, and Route 53 for scalable infrastructure.
- Automated workflows using bash and Python scripting.
- Implemented CI/CD pipelines with Jenkins and GitHub Actions.
- Packaged and deployed applications using Docker for MERN and LAMP stacks.
- Conducted email migrations from various IMAP servers to Google Workspace.
- Managed monitoring, security, and troubleshooting to maintain system performance.

### Web Development Intern

*Deerwalk Institute of Technology, Kathmandu Nepal*

*Feb 2020 - Dec 2020*

- Developed an in-house application using the Laravel framework for managing employee activities.
  - Maintained frontend and backend development with HTML, CSS, and JavaScript.
  - Collaborated with team members to identify requirements and implement productivity features.
- 

## Education

### Master's Degree in Computer Science (Cloud Analytics)

*La Trobe University*

*Expected Nov 2023*

**BSC-CSIT, Computer Science**  
*Deerwalk Institute of Technology*  
2016 - 2020

---

## **Licenses & Certifications**
